JTouch Interactive Displays

Touchscreens that enhance collaboration & captivate audiences
JTouch Interactive Displays

Whether you’re in a classroom or huddle space, a conference room or auditorium, there’s a JTouch interactive display solution to fit your needs and engage your audience.

Key Features
• Giant, high resolution touch displays for a great price
• Incredibly sharp 4K resolution
• Run all your apps, even the older ones, with touch
• Accurate and responsive touch overlay with multi-touch capability

Full Touch Control
Display your PC, Mac, or Chromebook via HDMI or VGA & control it from the display via touch using a USB cable.
• Extend the reach of your computer’s USB ports with easily-accessible USB ports on the display
• No calibration or special stylus means it’s quick and easy to use with just your fingertips

High Brightness and 4K Clarity
JTouch helps you get your message across and connect with your audience with incredible brightness, color and clarity. With 4K resolution, your images, text and video will be seen and enjoyed even in large spaces with high ambient light.

Cast Content Wirelessly
Easily connect and share content from nearly any computer or mobile device to your JTouch. You’ll make meetings, lessons and teamwork more efficient, engaging and easy. InFocus casting technology works seamlessly with any device and supports all operating systems, including Chrome OS.

Browse the Web
Access your favorite online content without a connected computer.

View Documents
View and present Office files, as well as most photo and video file formats, directly from the JTouch.

Create on an Interactive Whiteboard
Write, draw, and capture ideas on a giant, multi-screen canvas.

“I use my iPad to cast live camera feed of what students have created to the JTouch.”
–Mrs. Joy, 5th Grade School Teacher
The Most Education-Friendly JTouch Ever

Ideal for education, the JTouch line is now fully customizable, featuring Total Touch Control™, the ability to annotate on any input, and an open Android platform so you can natively run all of your key educational applications.

Powerful Teaching & Collaboration Solution

• Easy-for-anyone interface with Total Touch Control—no need for a remote
• Annotate over any application or video input
• Comment and draw over websites, documents, and more
• Open Android platform—easily add your favorite Android apps
• Customize your whiteboard background
• Erase with three-finger touch
• Anti-fingerprint, anti-glare screen

Interactive Whiteboard & Annotation

• Create a whiteboard on a multi-screen canvas, with room for free-form drawings, diagrams, images, and notes
• Write or draw with complete collection of digital pens, highlighters, shapes, lines and colors
• Use with fingers or a stylus
• View and annotate over PowerPoint, images, Word and more
• Save and share your notes electronically

Qwizdom Software Bundle Now Included!

Qwizdom Oktopus Blend Software with a 3-year Qwizdom Blend license now comes standard with all JTouch for Education models. Create LAN-based curriculum, use educational tools designed for traditional and cloud-based environments, share live lessons, and annotate over any content.
Accessories for JTouch Displays

LiteShow 4 DB+
Add the InFocus LiteShow 4 DB+ wireless presentation adapter to any base model display with a VGA or HDMI input to quickly and easily share data, audio, and HD video over a secure wireless connection.
• Connect LiteShow 4 DB+ to your network to create a new, secure wireless access point
• 2.4GHz / 5GHz Dual Band wireless technology for ultra-fast transmission
• On-board video decoding for fast, smooth playback
• Guests quickly connect with LiteShow USB drive
• Compatible with Windows 7, 8 & 10, Mac & iOS and Android mobile devices
• Connect and display multiple computers at the same time

SimpleShare
A true cable replacement, SimpleShare is the easiest, most direct way to share videos, presentations, documents, data, and more—with no software to install and nothing to manage on the network.
• Plug & play—no software installation
• Easily switch presenters with the click of a button
• Transmit high quality HD video and sound in real time
• Works with any HDMI input, PC, Mac, DVD player, or other devices
• Available with touch adapter to wirelessly control your PC from the display

Mobile Carts
Easily roll your JTouch around the room or around the building.
• Integrated cable management with flexible covers to hide cables for a clean installation
• Smooth rolling casters for effortless positioning (2 locking casters)
• Height adjustment 4-6' (1.2-1.8 m)

Lift Case
Easily store, transport, and use a 65” interactive display. Set up displays with only one or two people and be ready for use in less than 5 minutes.
• Full range of viewing heights
• Mounted multi-outlet surge protected power strip
• Shock-mounted lift mechanism
• Integrated cable management system
• 2-piece clamshell locking lid
• Stable, yet portable with four heavy duty casters

“Overall the JTouch is a jack of all interactive trades – it has the ability to draw in a rainbow of colors, display smooth video and let you connect without needing a new app.”
—Brian Nadel, Computerworld
